PROFESSIONAL EXPERIENCE

Landscape Crew Lead	**Jun 2021 – Jun 2023**
Massage the Earth	*Lafayette, CO*

Delivered client-focused landscape services in a fast-paced small business setting while taking on additional responsibilities including new hire training and job site preparation.
- Supervised and worked alongside crews of 2-3 team members on residential projects
- Trained 3 new hires on equipment, procedures, safety, and client communication
- Handled logistical tasks including dump runs, trailer hauling, and equipment preparation
- Acted as on-site point of contact, managing client expectations and resolving issues to uphold quality standards

Student Teller	**Jun 2019 – Jan 2021**
Premier Members Credit Union	*Louisville, CO*

Provided high-volume transactional support and member-facing service with a focus on accuracy, professionalism, and confidentiality in a regulated financial environment.
- Prevented 2 cases of check fraud through proactive verification and awareness
- Processed daily cash transactions up to $10,000
- Performed vault auditing and participated in secure opening/closing procedures
- Operated within strict compliance protocols and confidentiality policies
- Delivered member-focused service while managing long lines and high-pressure situations

PROJECTS

Personal Vercel Website   **May 2025 - Present**

Building a personal website to gain frontend, deployment, and Git experience as well as experience with new languages and frameworks.

- Deployed live site using Vercel with continuous integration from GitHub
- Designed custom UI/UX elements for scalability and integrated original visual content
- Developed with Next.js and Tailwind CSS
- Gained practical experience with version control and static deployment
- https://github.com/MackMaritimus/liammacksnyder.git

Charles Schwab Trading   **2020 – Present**

Traded stocks since I was 15 years old, now maintaining two brokerage accounts, both of which have achieved profits.

- Achieved 62.5% account growth and 87% trade profitability across both brokerages in 2024
- Perform both fundamental and technical analysis to assess entries and exits for trades
